

40,000

Americans are infected
with HIV each year

250,000

Americans don't even
know they have HIV

40%

of Americans who find out
they are infected only
do so because they are
already seriously ill

Get tested for HIV.
It could save your life
and the lives of
your loved ones.

America's TPA

■ Simplicity ■ Flexibility ■ Affordability ■ Service
